Note

Letter No 345 (1896) dated 26th November 1901 from the President of the Municipality in the Kolar District submitting for Sanction an estimate for Rs 24½ for laying Stone-ware pipes for Supplying water to Narasimhapet in the Chikkamanni Town

---

One Kuruba Akkayya a resident of Bestapete, Chintamani Town, Kolar District died Leirless on the 14th January 1897. Just a few days before her death (27th Decr 1896) she left her property, except the house in which She was living, worth about Rs 1000/- in the hands of Government for repairing the pond near the Sankey Site at Chintamani

(1 of 3)

2 Including Cash left by her and the amount realized by the sale of her Jewels, Grains, etc a Sum of Rs 839.1- was deposited in the Government Savings Bank. Rs 50 is expected by way of interest on the amount thus deposited.

Net Rs 850/ as stated in the President's letter.

3 The Amildar first sent up for Sanction an estimate for Rs 772 for repairing the pond referred to by Akkayya, but the General Asstt Comm was not in favour of this on the ground that the available amount was quite insufficient for repairing the pond and proposed to utilize the Interest on the Amount deposited

in the Savings Bank in conducting pujas and offering Naivedya to the Vishnu and Siva temples in the town. Mr Sparkes then for President observed as follows:-

(97)

4. The wishes of A.K.Iyya were apparently that a water-supply should be given to the ~~town~~ travellers and fixed the spot in front of the Shandy ground. As it is found impracticable to sink a well there it will be better to wait until the town water supply is finished when a hundah could be built and filled for the water supply by means of pipes etc on the spot indicated, but

that until the water supply is definitely settled the money should be kept in the Savings Bank.

4. The matter was discussed by the Chintamani Municipal Board on the 6th May 1901 who observe that there is no necessity for repairing the pond as there are 5 wells near the Sante site which do supply water to men and cattle throughout the year besides some ponds which latter dry up during the hot weather and propose to utilize the amount in question in meeting a portion of the cost of laying out pipes to Narasimha pet where

the Scarcity of water is keenly felt.

5 It is submitted that Mr Sparke's proposal would meet the wishes of the Donor

6 May a reply be sent to the Resident to give effect to Mr Sparke's proposal; or may the present estimate be sanctioned

10. Orders were accordingly issued vide G.O. No 11798 of the 18th January 1902 and the President was asked to point out the Source in the budget from which the deficit of Rs 850/- could be met // In his letter No 378 the 11th July 1902 the President pointed out the Source in the budget but the estimate had to be once returned for correction and the next time for the submission of specification and report.

Sir,

I have the honor to submit herewith for sanction an estimate for Rs 2410/- for laying Stone Ware Mangalore pipes for supplying water to Kataderinahalli in the town of Chintamani up to the point "C" noted on the enclosed tracing in red ink, as the scarcity of water is keenly felt in this part of the town.

2 The cost may be met out of the following sums:-

~~Rs~~ 862/- The balance remaining unexpended under (b) Road original.
148/- Out of Rs 200/- provided under (c) road repairs.
300/- provided under (d) drain original in the current years Budget of Chintamani
850/- due to the Municipal Fund of Kurubar Halli

towards water supply to the town.

Rs. 50/- Interest on the above sum.

" 200/- Contribution by the citizens for opening conservancy lanes.

" 2410/- Total.

3. Copy of the Board's resolution on the subject together with the entire records (to be obligingly returned when no longer required) is submitted herewith for further information.

From the papers received with the letter read above — it appears that the amount realized by the sale of Ramaiah A.K. Kiahs' jewels and effects as entered in the Savings Bank pass book and not Rs 850 as stated by the Presidt. and that it was her wish that this sum should be taken up by Govt. and utilized by Govt towards repairing the Road near the Canal side at Chintamani &c. &c. not consider the question.

Amount could only be utilized
for the Special purpose for
which ~~the donor has suggested~~ bequeathed
And that the County will not be
justified in diverting it for
other purposes. If the amount now available
is not enough to meet the cost of the
~~for constructing~~
~~the~~ "Honda", as was intended by
the donor it may continue
to be held in deposit in the
Savings Bank until the
accumulation of Capital and
interest rises to a figure
sufficient to meet
the Cost of the "Honda".

2. ~~If the Board and the~~
~~Board are that the scheme~~

~~be provided out~~.

2. Before sanction can be accorded to the water supply project proposed by the Board, the President is requested to point out the source in the current year's Budget from which the deficit of Rs 850-0-0 as above referred to in the foregoing para can be met.

The budget provides for 10,000 Rs under "VIII Public Works (f) Water supply, original"

[illegible]

12/4/03

ABSTRACT

This is addressed to the Municipal Council Chairman C. Sreenivasa Iyengar.

The petrs. complain that they are subject to much inconvenience regarding water supply in spite of the endeavours on the part of the Govt. to facilitate it.

They state that the annual income of the Municipality amounts to 10 thousand rupees

MGCPB—4,000—31-1-02

when only a thousand
is spent for the munic-
ipality and the Government
5 thousand is saved each
year.

Pray that iron
pipes may be laid
through the town and
water supply be facili-
tated.
